Practical –9

Roll No.:T050	Name: Aashu Yadav
Class:TYIT	Batch:1
Date of Assignment:29-8-2026	Date/Time of Submission:29-8-2026

Aim:-

Open Google and search for Jira. Open the Jira website to begin the setup.

Click on Google. Enter the required email/account details and click Continue to create or access your Jira account.

Complete the account creation process by following the instructions displayed on the screen.

Wait for Jira to complete the initial setup. The Getting things ready screen will appear.

Create a site

Sites are the shared space where people organize teams, work, and projects.

Your site

aashuyadav .atlassian.net ✓

This site name is just a suggestion. Feel free to change to something your team will recognize.

Continue

Select the type of work you want to manage. For this practical, select Project management.

Aashu Yadav
T050

What kind of work do you do?
This helps us suggest templates that help your team do their best work.

Software development	Product management
Marketing	Design
Project management →	Operations
IT support	Human resources
Customer service	Legal
Finance	Sales
Data science	Other

Select a template to get started
You can always change this later. Selecting a template won't limit what you can do.

From the available project-management templates, select the required template that is Kanban and click Next.

Project management

Kanban
Manage and track agile work plus integrate developer tools like GitHub

Project management
Designed to help business teams manage work with list and calendar views

Scrum
Plan, prioritize, and schedule sprints using scrum framework

Back Continue

Enter the required Space Name and provide the necessary details such as, select Company-managed in space managed option and then click next

Name your space
This is where you'll help your team track progress, stay organized, and manage tasks.

Name your space
My Project Management Team

Example space names:
My Project Management Team Team Lyra
Milestone Hub Initiative Planning
Cross-Team Projects

Get started

Select the appropriate method for tracking your work and click Next.

How do you track work?
As you complete work, it moves through these statuses.

Idea	X
To Do	X
In Progress	X
In Review	X
Done	X

Don't worry, you can change these later.

Next

After this select the type of work – click next. Click on Go to Jira.

After completing the setup, the Jira Dashboard will appear. The dashboard

provides access to your projects and work.

Practical 1B - Create a Company-managed Scrum/Kanban Project.

From the Jira navigation menu, click Spaces (+) to create or access a space.

Select the Kanban template to create a Kanban-based project.

Select Kanban and click on use template
