M2:-Practical –2

Roll No.:T050	Name: Aashu Yadav
Class:TYIT	Batch:1
Date of Assignment:2-9-2026	Date/Time of Submission:2-9-2026

Aim:-

Open Google and search for Jira. Open the Jira website to begin the setup.

Click on Google. Enter the required email/account details and click Continue to create or access your Jira account.

Complete the account creation process by following the instructions displayed on the screen.

Wait for Jira to complete the initial setup. The Getting things ready screen will appear.

Select the type of work you want to manage. For this practical, select Project management.

Aashu Yadav T050

From the available project-management templates, select the required template that is Kanban and click Next.

Select a template to get started

You can always change this later. Selecting a template won't limit what you can do.

Enter the required Space Name and provide the necessary details such as, select Company-managed in space managed option and then click next

Name your space

This is where you'll help your team track progress, stay organized, and manage tasks.

Name your space
My Project Management Team

Example space names:

My Project Management Team

Team Lyra

Milestone Hub

Initiative Planning

Cross-Team Projects

Get started

Select the appropriate method for tracking your work and click Next.

How do you track work?

As you complete work, it moves through these statuses.

Idea ☐

To Do ☐

In Progress ☐

In Review ☐

Done ☐

Don't worry, you can change these later.

Next

After this select the type of work – click next. Click on Go to Jira.

Jira's better when used together

Jira works better with your team onboard. Invite a teammate to try it out with you.
